

Summary of Key Points

Analysis of Exit Destinations by County, Program Type, and Organization

For June 2018

C. Peraro Consulting, HMIS Administration

The HMIS admin team completed analysis of client exit destinations from HMIS program discharge records for the month of June 2018 (n = 1,159). The analysis presents findings by county, over program type, and by org/program.

The summary tables show the total exits by destination category, along with permanent housing exit rates. Analysis also includes the total number of exits with unknown exit destination type along with the corresponding exit rates.

Key findings of the monthly reporting include:

- In aggregate, the PH exit rate for June was 54% with 627 of 1,159 exits leaving to PH destinations, continuing to reflect improvements since July 2017 (33%).
- Of the 627 PH exits, Rapid Re-Housing programs exited 179 clients to PH (29%) and Homeless Prevention programs exited 138 clients to PH (22%) and. Emergency Shelter programs exited 135 clients to PH (22%).
- Street Outreach and Emergency Shelter project types should not be evaluated solely on exits to PH. Often, placements into institutional settings, transitional shelters, or residential projects are positive outcomes for these project types.
- June PH rates descending by county were Hawaii (73%), Oahu (51%), Kauai (47%), and Maui (45%).
- Homeless Prevention and Rapid Re-Housing projects had the highest PH exit rates (91% and 87% respectively). Due to the inherent nature of these programs, however, one would expect that these rates be closer to 100%.
- The missing exit data rate continued on a downward trend and was 12% in June (142 clients with unknown exits). The missing exit data rate, first calculated in July 2017 was 34%.
- Oahu and Maui had the greatest proportion of exits to unknown locations in June, with 15% (104 exits) for Oahu and 13% (29 exits) for Maui. Typically, ES or Outreach projects represent most of these exits.
- Oahu Emergency Shelter (30%) and Hawaii Homeless Outreach programs (20%) had the highest rates of missing exit data in June.

Summary - Statewide All Programs	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
