

Summary of Key Points
Analysis of Exit Destinations by County, Program Type, and Organization
Neighbor Islands – Bridging the Gap

For April 2020

Ka Mana O Na Helu, HMIS Administration

The HMIS administrative team completed analysis of client exit destinations from HMIS Bridging the Gap program discharge records for the month of April 2020 (n = 211). This analysis presents findings by county, over program type, and by org/program.

The summary tables show the total exits by destination category, along with permanent housing (PH) exit rates. The analysis also includes the total number of exits with unknown exit destination type along with the corresponding exit rates.

Key findings of the monthly reporting include:

- In aggregate, the PH exit rate for April was 51%, with 107 of 211 exits leaving to PH destinations, a decrease compared to March 2020 (53%). BTG’s PH exit rate averaged 56% over the last 8 months. This is the period that BTG data tracking has been separated from PIC programs; the combined statewide average PH exit rate was 54% from April through August 2019.
- Of the 107 exits to PH, emergency shelter exited 40 clients to PH (37%), street outreach exited 24 clients to PH (22%), homeless prevention programs exited 19 clients to PH (18%), rapid re-housing programs exited 15 clients to PH (14%), and transitional facilities exited 7 clients to PH (7%).
- April PH exit rates descending by county were Maui (55%) and Kauai and Hawaii (47%).
- The homeless prevention programs PH exit rate was 100% in April, a 3-percentage point increase from 97% in March. The PH exit rate for rapid re-housing programs dropped to 88% from 92% in March. The average PH rates for 2019 were 92% for homeless prevention and 84% for rapid re-housing programs. Due to the inherent nature of these programs, one would expect that these PH exit rates be near 100%.
- The missing exit data rate for April was 5%, a decrease compared to March (7%), and below the average for the past 8 months (13%).
- Maui had the greatest number of exits to unknown locations in April (6 exits) followed by Hawaii with 4 exits to unknown locations; Kauai had 1 exit to an unknown location.
